## APPOINTMENT REMINDERS

In line with other NHS providers, Bawtry and Blyth Medical plans to install a system to remind patients that they have an appointment at the surgery with either the doctor or nurse. For this to take place we need to know your mobile telephone number for us to send a SMS text message to you about 2 days prior to your appointment. If you would like to benefit from this service would you please complete the form below, if there other members of your family who would also like to have this reminder service could you please ask them to complete the form on the reverse of this letter.

This service will only work if you keep us up to date with any changes to your mobile telephone number, if you change mobile phone number can you please inform the surgery

Many thanks for your help in this project. Please hand the completed form to the practice reception.

R. W. GILBERT  
Practice Manager
